TERMS OF SALE

These terms of sale are designed to conform to the Amended Rules for Public Auction Sales in New York City by the Department of Consumer Affairs and the Bylaws of the Professional Numismatists Guild, Inc.

1. This public auction sale is conducted pursuant to these Terms of Sale by licensed and bonded auctioneers, Harvey G. Stack, #0522763 and Lawrence R. Stack, #0798114.

2. **Each bidder, by bidding in the sale, agrees that a 10% BUYER'S CHARGE will be added to the "hammer price" or winning bid of each lot as determined by the auctioneer.** This 10% BUYER'S FEE will be added to the invoice of each successful bidder over and above the actual sum bid or offered. The Buyer's Fee applies regardless of a bidder's affiliation with any group or organization, and is imposed on all bidders. No lots will be delivered or shown at the auction. Auction sales are strictly for cash and must be paid for promptly in U.S. funds. STACK'S reminds you that all bidders personally guarantee prompt payment in full. Checks are permitted with identification acceptable to STACK'S. On any accounts past due, STACK'S reserves the right to extend credit and impose periodic charges as stated in these Terms of Sale or on the invoice or statement. Buyer agrees to pay the reasonable attorney fees and costs required to collect on such past due accounts. All lots delivered in New York State are subject to applicable Sales Tax. Buyer agrees to pay any sales tax, use tax, and any other applicable taxes that now, or hereafter, are found to be due by virtue of the sale, and to indemnify and hold STACK'S harmless for any sales or other taxes due thereunder, including reasonable attorneys fees, costs and any interest or penalties assessed. Buyer shall also pay all shipping and handling charges where applicable.

3. Purchasers claiming exemption from such taxes must submit resale or exemption certificates or other proof of exemption. Out-of-state Purchasers taking delivery in New York must provide an OSR certificate or pay applicable taxes due. All purchasers represent that they are not seeking to acquire goods for personal, family, or household purposes, but are bidding for resale purposes; and those submitting OSR's additionally represent that they are professionals, knowledgeable and fully aware of what they are purchasing, a representation upon which STACK'S relies in agreeing to sell to Purchaser. Buyers picking up lots may be required to confirm this agreement in a separate writing.
4. STACK'S is not responsible for your errors in bidding. PLEASE BID ON THE CORRECT LOT.

5. All persons seeking to bid, whether in person, by an agent or employee, or by mail, must have a catalogue and register to bid. By submitting a bid, whether in person, by mail, or through an employee or agent, the bidder acknowledges receipt of the catalogue, and agrees to adhere to these terms of sale. The auctioneer may decline to recognize any bidder who does not have a catalogue and has not registered and been given a paddle number. Any prospective bidder may be required to establish credit references or submit a deposit of 25% of their bids. All new bidders should be prepared to establish credit with the auctioneer prior to registering to bid.

6. By bidding, purchasing or offering to purchase in this sale, even if as an agent, or on behalf of a corporation or for another individual, each bidder personally guarantees prompt payment and agrees to be personally liable for the consequences of bidding; all bidders also personally guarantee prompt payment in full, including without limitation, BUYER'S FEE, taxes, surcharges, postage, handling charges, storage costs and insurance charges.

7. STACK'S reserves the right to require payment in full before delivering lots to a successful bidder, and reserves the right to require the principals, and directors of any corporate bidder to execute a guarantee of payment (which, in any event they do by having an agent or employee bid in the sale) prior to allowing a bid to be placed or recognized.

8. STACK'S reserves the right to impose a late charge, based solely upon Purchaser's failure to remit full and timely payment, and which late charge is not related to any necessary storage of the material purchased. Said late charge is calculated at a rate of 1½% per month (18% per annum), based on the purchase price if payment has not been made in accordance with these Terms and Conditions of Sale. Purchases not collected within thirty (30) days of the date of sale may, at the sole option of STACK'S, be resold for Purchaser's account by STACK'S, with Purchaser liable for any deficit after STACK'S receives a commission for the same in accordance with its agreement, and thereafter deducts all expenses associated with the sale, including reasonable attorneys fees.

9. Bids are NOT accepted from minors. By bidding in this sale, the bidder represents and certifies that they are of legal age, are authorized to make the bid that they make, and that the purchase is not a consumer sale or consumer credit transaction.

10. **Title remains with STACK'S until paid for in full.** Should Purchaser take any action under Title 11 of the U.S. Code, or any state insolvency law, Buyer agrees to promptly return to STACK'S, any lots not paid for. The Buyer agrees to keep the lots fully insured until paid for. Risk of loss is on the Buyer.

11. The highest bidder as determined in the sole discretion of the auctioneer shall be the Buyer. If the auctioneer determines that a dispute has arisen between two or more bidders, the lot may be immediately put up and sold again. Bidders with whom the dispute previously arose shall be without further recourse for any damages whatsoever.

12. If you bid by mail, **mail your bid sheet early.** Mail bidders agree to and are subject to these terms of sale just as if they were floor bidders.

13. The auctioneer reserves the right to refuse ridiculously low bids, which in the auctioneer's sole discretion, are felt not to have been made in good faith. The auctioneer reserves the right to open the lot at a reasonable price determined solely by the auctioneer. The auctioneer shall also have sole discretion to set initial, and subsequent bidding increments, and to accept, or to decline to accept, challenges to those bidding increments. All bids not in whole dollar amounts may be rounded downward by the auctioneer. The auctioneer may open bidding on any lot by placing a bid on behalf of the Seller, a mail bidder, STACK'S, or another participant in the sale. The auctioneer may bid further on behalf of the Seller up to the amount of the reserve by placing successive or consecutive bids for a lot, or by placing bids in response to other bidders. The auctioneer may bid for his, or its, own account at any auction and may have access to information concerning the lots, and items contained in them, that are not otherwise available to the public. Estimates given are for the general guidance of the bidder and represent the opinion of the auctioneer as to the fair market value of the numismatic item at the time of cataloguing, based on experience and comparable sale, if applica-

ble. The actual price realized may be higher, or lower than the estimate. If a lot is reserved, the reserve may not exceed the maximum estimated price.

14. Auction sales are not approval sales. In the event of non-payment by the Buyer, STACK'S reserves any and all rights that it would be entitled to under the Uniform Commercial Code, including Buyer's consent to file a financing statement without need of Buyer's signature, and to offset any sums due on any future consignment or purchase or monies or goods in possession of STACK'S or its assigns.

15. All bidders are encouraged to carefully examine all lots prior to the sale. No lots will be shown at the sale. STACK'S assumes no risk, liability or responsibility for the material (or other) facts stated concerning the numismatic item, except as specified herein. All floor buyers should acquaint themselves with the property sold since STACK'S will assume that they have done so and requires that the Purchaser represent that they have. Bidders are deemed to have satisfied themselves as to all of the matters set forth in the terms of sale.

16. STACK'S, as agent, offers a LIMITED WARRANTY that any numismatic item sold is authentic (i.e., not counterfeit, that its date or mintmark has not been altered, and that the coin has not been repaired as those terms are used in the trade). Except as set forth in this limited warranty and as may be required by the arts and cultural affairs law, and any other law or regulation, all other warranties of authenticity of authorship, whether express or implied, are hereby disclaimed.

17. Except as otherwise stated herein, all items offered in this catalogue are GUARANTEED TO BE GENUINE and correctly attributed as defined below.

18. (a) NO LOT may be returned for any reason whatsoever without the prior written consent by STACK'S, or, in any event, if it has been removed from its original container. **No lots purchased by those who have viewed the lots may be returned,** unless the limited warranty provided in these terms of sale permits it.
(b) Grading is a subjective description in the opinion of the cataloguer as to the state of preservation, method of strike, and overall appearance of a particular coin or lot. The term "proof" or "specimen" is used to describe a method of manufacture, and is not a grade or condition or an attribution.
(c) STACK'S does not represent that a numismatic item has or has not been cleaned; that any toning is natural or artificial; that any coin catalogued will meet the standards, or the grade, of any third party or third party grading service; that a numismatic item has a particular provenance or pedigree; that a numismatic item is struck or not struck, or produced or not produced in a particular manner or style.
(d) Adjectival descriptions and terminology (which can and does vary among experts and knowledgeable purchasers), when utilized in the catalogue, are strictly the opinion of the cataloguer and shall not be deemed to be part of the description; i.e. it is an opinion only and not a warranty of any kind.
(e) Grading descriptions in this catalogue are provided strictly for the convenience of those who bid by mail and who are unable to personally view the coins, and represents the cataloguer's opinion of its state of preservation. Those attending the sale, and those bidders who actually view the lots should draw their own conclusions as to the state of preservation or grade of the numismatic item.
(f) STACK'S may utilize numerical or adjectival descriptions, and may include lots that have been graded by others. Opinions offered with respect to numismatic properties offered for sale by STACK'S are made at the time that the numismatic item is catalogued, and do not refer to any prior or subsequent time.
(g) Where STACK'S sells a numismatic item graded and encapsulated by a grading service, Buyer acknowledges and agrees that other grading services, STACK'S or knowledgeable purchasers might reach a different conclusion as to the state of preservation of a particular item, and that STACK'S has presented the service's description of the encapsulated item for accommodation only. Any such information provided by STACK'S is the opinion of the third party, without recourse against STACK'S in any way whatsoever.
(h) **Except as otherwise expressly stated in the Terms of Sale, STACK'S and its agents and employees make no warranties or guaranties or representations, and expressly disclaim all warranties and guaranties and representations, including, without limitation, a warranty of merchantability, in connection with any numismatic properties sold by STACK'S.**
(i) All oral and written statements made by STACK'S, are statements of opinion only and are not warranties or representations of any kind, unless stated as a specific written warranty, and no employee or agent of STACK'S has authority to vary or alter these Terms of Sale. Any alteration shall be effective only if in writing and signed by a member of the firm.
(j) If not so stated expressly, the grade, artisanship, provenance, or attribution is the firm's opinion only on which no third party, including the bidder, is entitled to rely.
(k) STACK'S assumes no risk, liability or responsibility for the material (or other) facts stated concerning the numismatic item, except as specified herein.

19. Unless otherwise stated, STACK'S acts only as agent for a Consignor and makes no independent warranty of title. STACK'S offers the following LIMITED WARRANTY to Buyers with respect to all numismatic items offered for sale. STACK'S warrants to all Buyers that the Consignor or the Seller has warranted good title to property offered for sale. Any such warranty is predicated on the Owner or prior owner making the same warranty to STACK'S, upon which the firm relies. In the event that it is finally determined that the Purchaser has not acquired transferable title, STACK'S shall reimburse the Purchaser (if full payment has already been made) in accordance with these Terms of Sale, and Buyer agrees that this is full compensation for any loss whatsoever, whether actual or otherwise. Tender of the check by STACK'S to Buyer at the address specified on the bid sheet or registration form shall end the obligation of STACK'S to the Buyer, even if the check is not endorsed or cashed. STACK'S and the Consignor make no representations or warranty that the Purchaser acquires any reproduction rights or copyright in property purchased at the sale.

20. STACK'S further expressly disclaims all warranties relating to the grade, condition, identification of the periods or date of coining or manufacture or methods of manufacture of property which is inaccurate, or may be proved inaccurate, by means of scientific process or research which is not generally accepted for use until after the sale.

21. STACK'S reminds the Buyer that the grading or condition of rare coins may have a material effect on the value of the

items purchased; that others may differ with the grading opinions or interpretations of STACK'S; that such difference of opinion (including whether the coin has been cleaned, or is or is not of a particular grade or quality) is not grounds to return an item purchased; and that all sales of items viewed by a Purchaser in advance of a sale, even if the sale is by mail, are final.

22. By purchasing in this sale, Buyer agrees that they shall have no recourse against the Consignor for any reason whatsoever. In the event that a warranty is offered with respect to grade or state of preservation or condition, it shall be a specific warranty, in writing, signed by a member of STACK'S, and shall specify its terms and conditions and duration. If any numismatic item is damaged in its removal from encapsulation, or during its encapsulation, it is at the sole risk of the Purchaser. Because of the fungibility of numismatic items, any item removed from its holder may not be returned for any reason whatsoever.

23. (a) On any claim made by a bidder, STACK'S must be advised in writing sent within seven days after receipt of the material, or the date of the sale, whichever is the later; these dates apply whether or not the Buyer has received the material. The disputed property must be returned to STACK'S in the same condition as sold by STACK'S, in the same holder.

(b) These conditions are binding and absolute unless varied in writing by a principal of STACK'S or if the bylaws, rules or regulations of the Professional Numismatists Guild, Inc., provide for a longer period, or give the Buyer a greater right, in which case such bylaws, rules or regulations shall prevail. Any and all claims of the Buyer made in violation of the Terms of Sale shall be deemed waived, and the Buyer shall be without further recourse.

24. If STACK'S, in its sole discretion, determines that any numismatic property is substantially and materially different from that represented in the catalogue of sale, or in any written advertisement or material, the sale shall be cancelled and STACK'S shall refund the purchase price to the Buyer. Unless provided otherwise in these terms or the PNG bylaws, that shall be STACK'S sole obligation to Buyer.

25. The auctioneer and cataloguer, STACK'S, reserves the right to include its own material in any auction sale. The auctioneer may have direct or indirect interests in these, and other items (other than its commission), and may collect a minimum price in addition to the selling commission. This paragraph shall be deemed a part of the description of all lots contained in the catalogue. The catalogue shall also be deemed a part of any invoice issued by the auctioneer. The auctioneer may make loans or advances to consignors and/or prospective purchasers. The Consignor may be permitted to bid on his, her or their own articles and to buy them back at the sale. Any Buyer who bids on or purchases their own goods is required to pay for them, in full, as the terms of sale provide for together with the full buyer's commission, and any other applicable surcharges, postage, handling, insurance fees and taxes, without rebate of any kind whatsoever, unless provided for otherwise by contract with the auctioneer. The auctioneer reserves the right to make accounting adjustments in lieu of payment. Settlement will follow the auction. The prices realized reflect the final price called by the auctioneer and may include a bid of a consignor reacquiring their lot.

26. STACK'S, the auctioneer, and employees are "insiders" and may have access to confidential information not otherwise available to the public with respect to value, provenance, availability, and other factors. Purchasers should make themselves acquainted with the numismatic items that they are purchasing and avail themselves of the services of outside consultants prior to engaging in any purchase. Bids are so much per LOT. No lots will be broken up unless otherwise stated.

27. No bidder shall have any claim against the auctioneer, or STACK'S, for improper sequence of offering a lot.

28. On bullion items, bullion-like items, and encapsulated items graded by a grading service, Buyer agrees that there shall be no right of return for any reason whatsoever. Buyer further agrees that due to market volatility, in event of non-payment, STACK'S shall be entitled to damages that are the greater of selling price or market, together with any supplementary or additional costs.

29. STACK'S at any time may rescind the sale in the event of non-payment or breach of the warranty of title.

30. The sole remedy that any participant in the auction shall have, whether bidding in person, by mail, or through an employee or agent, for any claim or controversy arising out of the auction shall be a refund of the original purchase price and premium paid, if any. Interest shall be paid by STACK'S at a rate of no greater than nine per cent (9%) per annum, up to a maximum of six (6) years, unless the rules of the Professional Numismatists Guild, Inc. provide for a higher rate of interest or a longer period of time, in which case such rules shall prevail. A lower rate, or shorter period, may be decided by the arbitrators. Upon payment as determined by the arbitrators, or in full at the maximum rates set forth above, or at an agreed rate, STACK'S shall be deemed released from any and all claims of the bidder arising out of or in connection with the sale of such property. Purchaser agrees to execute prior to delivery of any refund any documents reasonably requested to effect the intent of this paragraph. By bidding in this sale, all bidders consent to these terms and all other terms of these conditions of sale.

31. **STACK'S hereby disclaims all liability for damages, incidental, consequential or otherwise, arising out of or in connection with the sale of any property by STACK'S to Purchaser.** All bidders, even if unsuccessful purchasers, agree to abide by this condition, and all other conditions of sale.

32. All rights granted to the Purchaser under the within terms of sale are personal to the Purchaser. Purchaser may not assign or transfer any of these rights to any other person or entity, whether by operation of law or otherwise. Any attempt so to assign or transfer any such rights shall be absolutely VOID and unenforceable. No third party may rely on any benefit or right conferred by these Terms and Conditions of Sale and terms of warranty on any bidder or Purchaser.

33. "Purchaser" shall mean the original purchaser of the property from STACK'S and not any subsequent owner or other person who may have or acquire an interest therein. If Purchaser is an agent, the agency must be disclosed at the time of sale, otherwise the benefits of the warranty shall be limited to the agent and not transferable to the undisclosed principal.

34. Should any third party attempt to utilize any warranties contained herein, they shall first give STACK'S thirty (30) days written notice by Registered Mail or Certified Mail Return Receipt Requested during which time STACK'S may,

should it choose to contest the third party's claim, ask the Professional Numismatists Guild, Inc., or the American Arbitration Association to appoint a panel of three arbitrators skilled in the field to make such a determination at New York, N.Y. By seeking to use such remedy, the third party unequivocally and without reservation consents to binding arbitration, and its conclusive and binding determination of any alleged damages as a sole remedy. With respect to any other pertinent notice requirements, venue and personal and subject matter jurisdiction, said third party is bound to the provisions pertaining to bidders, buyers and purchasers, as otherwise provided for in these Terms of Sale.

35. In the event STACK'S shall, for any reason, be unable to deliver the property sought to be purchased, its liability therefore shall be limited to the rescission of the sale and refund of the purchase price and buyer's premium. **STACK'S hereby disclaims all liability for damages, incidental, consequential or otherwise, arising out of its failure to deliver any property purchased, and all bidders agree to this disclaimer.**

36. If it is determined that a bailment relationship exists while the material purchased is being held by STACK'S, for Purchaser, said relationship constitutes a gratuitous bailment only, solely for the benefit of the purchaser/bailor, as defined by the laws of the State of New York.

37. As a condition of bidding, bidder acknowledges that numismatic auction sales are unique in terms of their tradition and industry practices. Each bidder agrees that **any claim or controversy whatsoever arising out of this sale shall be settled as follows:** if demanded by either buyer, or STACK'S by binding arbitration at New York, New York, under the rules then obtaining of the Professional Numismatists Guild, Inc., or as PNG rules may provide, the American Arbitration Association. In the event that a dispute arises between STACK'S and a non-member of the PNG, this means that the American Arbitration Association, at New York, N.Y., shall have exclusive jurisdiction over the controversy. In any controversy concerning non-payment, STACK'S shall have the right to proceed by arbitration or by a proceeding in any court of competent jurisdiction in the City, County, and State of New York, whichever is first commenced by STACK'S. The arbitrator shall not have the power to alter the terms of condition of sale. Judgment on any award may be entered in any court of competent jurisdiction. The arbitrators, and any court, shall award the prevailing party costs and reasonable attorney fees. By bidding in this sale you agree to be bound by the arbitration provisions of the PNG as described above. Commencement of an arbitral proceeding, or confirmation of an award, as well as any notice requirements connected with such proceeding, and any other required service of process, may be made by STACK'S upon all bidders by registered or certified mail directed to the address of the bidder or purchaser as listed on the bid sheet or application or form required at the time that a bidder number is issued, or by facsimile transmission with proof of receipt. Bidder agrees that such service shall constitute full in personam jurisdiction. The venue for such proceedings shall be the City of New York, State of New York and each bidder agrees to in personam (personal) jurisdiction of the City of New York, State of New York. In all cases, the maximum liability of STACK'S for any item sold shall be limited to the official price of record of the item at this sale, without provision for consequential damages, or any other damages of any kind whatsoever, unless the PNG rules provide otherwise.

38. If the Purchaser fails to comply with one or more of these Terms and Conditions of Sale then, in addition to all other remedies which it may have at law or in equity, STACK'S may, at its sole option, either (a) cancel the sale, retaining as liquidated damages all payments made by the Purchaser, it being recognized that actual damages may be speculative or difficult to compute, or (b) sell some or all of the numismatic property and some or all other property of the Purchaser held by STACK'S, in a quantity sufficient in the opinion of STACK'S to satisfy the indebtedness, plus all accrued charges. More than one such sale may take place at the option of STACK'S. Such sale may take place without notice to Purchaser; if STACK'S gives notice, it shall be by regular mail to the address utilized on the bid sheet, consignment agreement or other address known to the firm. Such sale will be at STACK'S standard commission rates at public or private sale, within or without the City of New York, at which time (if the sale be at auction) the defaulting party shall not bid. The proceeds shall be applied first to the satisfaction of any damages occasioned by Purchaser's breach, and then to the payment of any other indebtedness owing to STACK'S, including without limitation, commissions, handling charges, the expenses of both sales, reasonable legal fees and collection agency fees and any other costs or expenses incurred hereunder. If a lot or numismatic item is not paid for, and is sold by STACK'S for Purchaser's account, in accordance with the Uniform Commercial Code, STACK'S shall not be required to account to the Purchaser for any excess proceeds. Purchaser is also liable to STACK'S if the proceeds of such sale or sales is insufficient in the opinion of STACK'S to cover the indebtedness. If other property of Purchaser is also sold, any excess of proceeds will be remitted to the Purchaser after first deducting the expenses set forth above. If Purchaser fails to remit sums due to STACK'S, Purchaser grants to STACK'S a lien with respect to such sum, with interest to accrue thereon at the judgment rate, until actually paid, which lien shall apply against any property of Purchaser, including any future goods of Purchaser coming into possession of STACK'S. **Purchaser hereby waives all the requirements of notice, advertisement and disposition of proceeds required by law, including those set forth in New York lien law, article 9, sections 200-204 inclusive, or any successor statute, with respect to any sale.** Purchaser waives a right to redeem.

39. The auctioneer reserves the right to postpone the sale by auction for a reasonable period of time as a result of any significant event which, in the sole discretion of the auctioneer, makes it advisable to postpone the event. No bidder or prospective bidder or purchaser or prospective purchaser shall have recourse as a result of any postponement. In any event, no person may bid without registering, and ALL REGISTERED BIDDERS including mail bidders and agents by registering or bidding **agree to all of the above Terms and Conditions of Sale.**

40. By bidding or offering to bid, bidders acknowledge that they have read all of the Terms and Conditions of Sale and warranty contained herein and that they accept these terms and conditions without reservation. STACK'S reserves the right to vary the Terms and Conditions of Sale by rider or other means communicated to bidders. By purchasing from STACK'S, whether present in person, or by agent, by written bid, telephone or any other means, the bidder agrees to be bound by these Terms and Conditions of Sale.

UNITED STATES COINS

U. S. GOLD COIN

U. S. GOLD DOLLARS

Lot No. 2211

2211 **1849** Open Wreath, Small Head, L. **Brilliant Uncirculated,** nearly choice. Sharply struck, with a partial raised rim, and smooth lustrous surfaces. Much scarcer than the large head variety of this year.

2212 **1849** Open Wreath, Large Head, No L. **Brilliant Uncirculated.** Rich gold with attractive orange toning. Frosty and attractive, a minor scrape through the 8 in the date.

RARE 1849'C' GOLD DOLLAR

Lot No. 2213

2213 **1849'C'** Closed Wreath. Choice About Uncirculated. Essentially Mint State, but there is a fine scratch above the word DOLLAR. Greenish yellow Charlotte gold, with virtually full mint frost. Very scarce in any grade, and especially so this nice.

2214 **1849'D'** About Uncirculated. Deeply lustrous Georgia gold, softly struck on the hair as usual, with a scattering of fine hairlines. Scarce and popular.

2215 **1849'O'** Choice About Uncirculated. Greenish yellow gold with faint russet highlights. Far better than the average grade of Very Fine.

2216 **1850'O'** Choice About Uncirculated. Close to Mint State, with just a hint of friction on the high points. The rarest Type I New Orleans Mint Gold Dollar, with a *mintage of only 14,000.*

2217 **1851 Brilliant Uncirculated.** Rich golden toning with full frosty lustre, and some faint obverse hairlines. An attractive coin, with the appeal of choice.

2218 **1851** Another. Choice About Uncirculated. Well struck, with full hair detail. Rich yellow gold, with slight a rub on cheek.

2219 **1851** About Uncirculated. A pair of evenly matched Gold Dollars, with a few light contact marks. **2** pieces.

TRIO OF 1851'C' GOLD DOLLARS

Lot No. 2220

2220 **1851'C'** Choice About Uncirculated. Although the most common Charlotte Mint Gold Dollar, the present example is well above average in strike, surfaces and lustre. Bold details and soft yellow toning combine for outstanding eye appeal.

2221 **1851'C'** Another. Choice Extremely Fine. Generally well struck, with traces of lustre, the surfaces are pockmarked with tiny marks, and there is a small reverse rim nick.

2222 **1851'C'** A third. Very Fine. A concentration of marks on the central reverse, as well as a light polishing. Still a presentable example of this Charlotte issue.

CHOICE 1851'O' GOLD DOLLAR

Lot No. 2223

2223 **1851'O' Choice Brilliant Uncirculated.** Deep yellow gold with full mint frost, somewhat weakly struck in the centers as usual. An exceptionally high grade example of this often underrated date.

2224 **1852 Brilliant Uncirculated.** Slight porosity on the reverse, and some faint hairlines, but a pleasing coin overall.

FROSTY HIGH GRADE 1852'C' GOLD DOLLAR

Lot No. 2225

2225 **1852'C'** Choice About Uncirculated, virtually Mint State. Rich yellow gold, and frosty, with areas of prooflike lustre and smoky golden toning. Relatively well struck, with decent hair detail, and outstanding eye appeal.

2226 **1852'O' Brilliant Uncirculated.** Amazingly bold strike, especially since it was made with rusted and broken dies. The die rust is most noticeable in the upper left obverse field, an area in which some small scuffs are neatly hidden. Deep orange obverse, and bright golden reverse enhance the appeal of this curious example of what is an undervalued date.

2227 **1853 Brilliant Uncirculated,** and virtually in the choice category. Well struck in green-gold.

2228 **1853** Another. **Brilliant Uncirculated.** By far the most common U.S. Gold Dollar. Appeal of choice, with smooth surfaces and frosty golden toning.

2229 **1853** A third. Choice About Uncirculated, and virtually Mint State. Medium green-gold toning.

2230 **1853** A fourth. Choice About Uncirculated. Attractive satiny surfaces.

2231 **1853'C'** About Uncirculated. The planchet as usual was poorly prepared, with small defects among the obverse stars. A fine hairline scratch in the field follows along the nose, and a pair of tiny scuffs are noted for accuracy. Deeply lustrous, with partly reflective, rich yellow surfaces, quite pleasing overall.

2232 **1853'O' Brilliant Uncirculated,** nearly choice. Well struck in deep yellow gold. Surfaces are granular, with prominent flow lines. A tiny scratch under the date does not detract from this attractive specimen.

2233 **1854** Type I. **Brilliant Uncirculated.** Bright and frosty, struck from lightly clashed dies.

Lot No. 2234

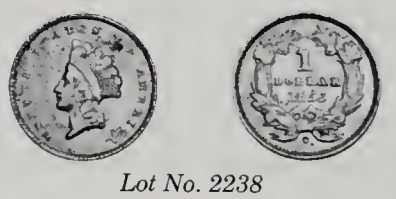
2234 **1854'D'** Extremely Fine. Poorly made as usual from an improperly prepared planchet, and lightly cleaned at some time. One of the rarest of all Dahlonega Gold Dollars, with *only 2,945 struck.*

2235 **1854 Type II.** About Uncirculated. Struck from lightly clashed dies as is so often the case. Appealing lemon yellow gold toning.

2236 **1855 Type II.** Choice Extremely Fine. Rich yellow gold, generally smooth surfaces.

2237 **1855 Type II.** Another. Extremely Fine. Except for a pair of tiny reverse marks, surfaces are smooth, although lightly hairlined from an old cleaning.

VERY SCARCE PAIR OF 1855'C' GOLD DOLLARS



Lot No. 2238

2238 **1855'C'** Choice Extremely Fine. David Akers, in his survey of auction records, found that the 1855'C' has the lowest average grade of any Gold Dollar (VF-27). Uniformly struck from poorly prepared planchets, this date is difficult to obtain in as reasonably nice condition as the present example. Deep yellow gold, with a full date and the word DOLLAR.

Lot No. 2239

2239 **1855'C'** Another. Extremely Fine. Struck as usual from clashed dies on a poorly prepared planchet. The date and 'DOLLAR' however are unusually sharp and clear. A very scarce issue of the Charlotte mint in typical greenish-yellow Southern gold. A rare opportunity for the collector to have a choice of two specimens.

2240 **1855'O'** Extremely Fine. Deep olive and red gold, with some old obverse field scratches. Popular as a type coin.

2241 **1856** Upright 6. **Brilliant Uncirculated.** Satisfying lemon yellow gold with full frosty lustre. By far the scarcer of the two varieties of this date.

2242 **1856** Upright 6. Another. **Brilliant Uncirculated.** Attractive satiny surfaces, with green-gold toning.

APPEALING 1857'C' GOLD DOLLAR

Lot No. 2243

2243 **1857'C'** Choice Extremely Fine. Most examples of this date were struck on very poorly prepared planchets; the present coin is well struck, with a full LIBERTY, a nearly full date, and relatively smooth surfaces. Traces of lustre remain in the devices, and are highlighted by pale orange toning. An elusive date which is above average in quality.

RARE 1857'D' GOLD DOLLAR

Lot No. 2244
(Enlarged)

2244 **1857'D'** About Uncirculated. Greenish-gold toning over a typical Georgia mint planchet which shows a crack on the obverse as well as it being weakly struck, as is normal with this date. A few light hairlines but overall this is a very attractive specimen of this underrated date. ***(SEE COLOR PLATE)***

2245 **1857'S'** About Uncirculated. The reverse is Mint State, the obverse is pockmarked, with a number of tiny depressions. Sharply struck and scarce in any grade above Very Fine.

DESIRABLE 1858'D' GOLD DOLLAR

Lot No. 2246

2246 **1858'D'** Choice Extremely Fine. Weakly struck on the hair and headdress as usual, surfaces are smooth and lustrous, with peripheral russet toning. Relatively scarce, with a *mintage of only 3,477.* PCGS XF45.

RARE 1860'D' GOLD DOLLAR

Lot No. 2247

2247 **1860'D'** About Uncirculated. Weakly struck on a poorly prepared planchet as is typical of this issue. Surfaces are generally smooth and mark free, with the exception of a small repair to the left of the 1. Rich yellow lustre enhances the appeal of this rare date. *Only 1,566 were minted.*

NEAR GEM PROOF 1861 GOLD DOLLAR

Lot No. 2248
(Enlarged)

2248 **1861 Choice Brilliant Proof,** and very close to the gem category. Despite its high mintage, this year is quite scarce in Proof because the majority of the 349 pieces struck were melted, and probably less than 50 pieces still exist. A high quality example that exhibits some very faint hairlines over orange-peel toning. ***(SEE COLOR PLATE)***

2249 **1861** Choice About Uncirculated. Deep yellow gold with frosty mint lustre.

2250 **1862 Brilliant Uncirculated.** A well stuck coin, with pale gold lustre and smooth surfaces.

2251 **1862** Another. **Brilliant Uncirculated.** Lightly toned, the planchet slightly wavy.

2252 **1862** A third. Choice About Uncirculated, and virtually Mint State. A few hairlines over flashy surfaces.

2253 **1862** A fourth. Choice About Uncirculated. Boldly struck in rose gold, with frosty mint lustre.

Lot No. 2254

2254 **1868 Brilliant Uncirculated.** Bright and appealing, with satiny surfaces which are semi-reflective. Well struck, with all details sharp. A nice example of Philadelphia mint craftsmanship.

2255 **1870 Brilliant Uncirculated,** nearly choice. A superb strike, with a wealth of detail and prooflike surfaces. *Only 6,300 business strikes made.* Very scarce.

2256 **1871 Brilliant Uncirculated.** Somewhat softly struck in the centers, surfaces are smooth and frosty, with deeply glowing golden lustre. Including Proofs, *only 3,930 were struck.*

2257 **1873** Open 3. **Brilliant Uncirculated.** Bold strike, with partly reflective surfaces. One of the more common Gold Dollars and a pleasing example of the type.

2258 **1874 Brilliant Uncirculated.** Satisfying deep gold prooflike lustre. Sharply struck overall, with the appeal of a choice coin.

2259 **1874** Another. Choice About Uncirculated, virtually Mint State. Frosty and lustrous, only the'L' of 'LIBERTY' is visible.

VERY RARE 1875 GOLD DOLLAR

Lot No. 2260

2260 **1875** Choice Extremely Fine. The rarest Gold Dollar, with *only 420 minted,* including 20 Proofs. Fields are smooth, with a hint of hairlines; moderate wear places it squarely within the average grade found by Akers in his auction survey. The tiny thorn-like projection from the throat attests to its status as a business strike. An opportunity for the collector to acquire a classic rarity.

MINT STATE 1876 GOLD DOLLAR

Lot No. 2261

2261 **1876 Brilliant Uncirculated.** Deep yellow gold with prooflike lustre, which magnifies some faint hairlines. One of *3,200 business strikes.* The second rarest Type III Gold Dollar after the 1875.

SCARCE 1870'S' QUARTER EAGLE

Lot No. 2305

2305 **1870'S'** Choice Extremely Fine. Green-gold patina, with a light obverse cleaning its major detraction. A very scarce date that Akers states "is typically available in only very fine." A coin well worth a closer inspection as it appears to be a better than average strike. ANACS EF45.

AN OUTSTANDING GROUP OF 1928 DOUBLE EAGLES

1928 Double Eagles have the highest mintage of any Double Eagle, at 8,816,000 pieces. The vast majority, however were either shipped overseas or melted. High grade examples such as we are offering here appear much less often than those of 1908, 1924 and 1927. An outstanding group overall.

Rose-gold and pale green-gold toning. A very rare date, with perhaps only thirty to forty pieces known. This is generally considered the rarest of the late date Double Eagles. ***(SEE COLOR PLATE)***

SUPERB 1932 DOUBLE EAGLE

Lot No. 2914

2914 **1932 Very Choice Brilliant Uncirculated,** and very nearly a full gem. Superb surfaces, with just a few spots. Creamy pale rose-gold toning gives this example its impressive appeal. Despite its high mintage, the majority, as most astute collectors realize, were melted after President Roosevelt's April, 1933 Gold Recall mOrders. Some found their way to Europe as specie payment but most of those probably have been melted. No more than fifty to sixty pieces are known, and this example is at the high end of the quality list. ***(SEE COLOR PLATE)***

Ex Walton Collection (Stack's, October 2, 1963, lot 3400).

U. S. TERRITORIAL GOLD

LOVELY 1915'S' PANAMA-PACIFIC FIFTY DOLLAR GOLD

Lot No. 2924

2924 **$50.00. 1915'S' Octagonal.** About Uncirculated, and quite an attractive example for the grade. This massive piece was designed by Robert Aitken and depicts the helmeted head of Minerva on the obverse, and the Owl, an ancient symbol of wisdom, on the reverse. What makes this design particularly popular is the eight dolphins depicted in the angles of the coin on both sides. This specimen exhibits wonderful even wear and the edges are excellent for a coin this size. With *only 645* of these beautiful coins issued, this will certainly elicit spirited bidding competition. ***(SEE COLOR PLATE)***

EXTREMELY RARE 1855 WASS, MOLITOR $50.00 SLUG

Lot No. 2925

2925 **Wass, Molitor $50.00.** Nearly Extremely Fine in terms of sharpness, but has been polished, making an exact grade hard to determine. Deep greenish-gold which is typical of California gold mined at the time. A few rim bumps and a rim planchet defect which was smoothed in a misguided attempt to hide it. A few scattered marks and some central reverse weakness, as is typical with this massive coin. In the area of privately issued territorial gold, this particular issue was well received as it was the only **Round** $50.00 coin issued, and with the availability of smaller denominations from this trusted manufacturer, this issue probably saw widespread use in other states. A decent example of this historic remnant of our nation's gold rush. ***(SEE COLOR PLATE)***

SO-CALLED DOLLARS

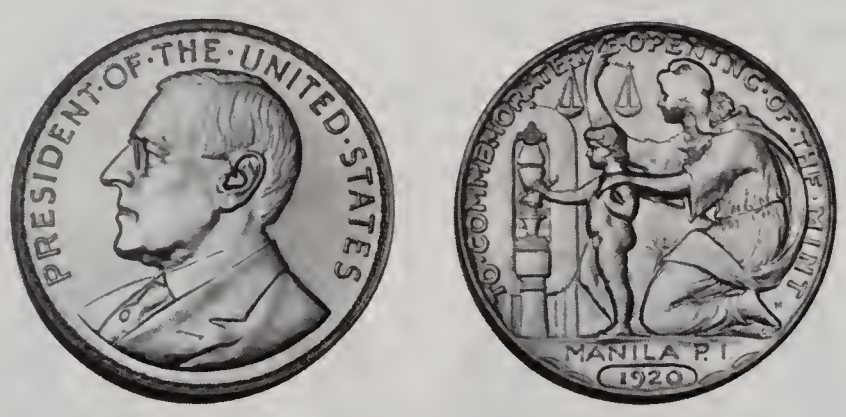
2926 **1939 Golden Gate International Exposition.** HK-488. **Brilliant Uncirculated.** Issued by Jules Charbneau, a San Francisco Art dealer. Due to lack of interest, most of this issue was melted down. The obverse shows the Tower and Exposition grounds, the reverse is a bust of 'Pacifica.'

AN EXTRAORDINARY WILSON DOLLAR OFFERING

These medals are known to American collectors as the "Wilson Dollars" and have been collected as an adjunct to the U.S. commemorative series. They were struck to commemorate the opening of the new mint of the Philippine Islands in 1920. Designed by American engineer Clifford Hewitt, the new facility was located in Manila's old Intendencia building.

The medals were designed by U.S. Mint Chief Engraver George T. Morgan, and bear a bust of President Woodrow Wilson. Inspired by an earlier Morgan Assay Commission Medal, the reverses show Juno Moneta instructing a child in the operation of a coining press, with inscription TO COMMEMORATE THE OPENING OF THE MINT/ MANILA P.I. Collector interest in these pieces was increased by publication of the Neil Shafer and Aldo Basso works on Philippine coinage and the Hibler-Kappen **So-Called Dollars.**

ULTRA-RARE GOLD WILSON DOLLAR



Lot No. 2927

2927 **1920 Wilson Dollar in Gold.** 38.2mm, 44.81 grams (691.5 grains) Gold. HK 1031, Basso Type 128. *One of only five struck in Gold.* A Plain Edge and virtually flawless satin surfaces distinguish this example, one of the two Gold specimens whose whereabouts are known today. The soft satin surfaces are distinctly reminiscent of the satin or Roman Proofs of the 1908-1915 period. In gold-stamped custom lucite holder. **Gem Brilliant Uncirculated.**

Gold medals were presented to President Wilson and the Secretary of War. Three went to the islands where all were lost in the sack of Manila in 1944. Only one other Gold medal has appeared at auction, the About Uncirculated example in our sale of the Calvert L. Emmons Collection of September 1969. Even 27 years ago, when he medal market was virtually non-existent, the Emmons piece realized the then-astronomical figure of $1,650. This distinctly finer specimen must be valued at multiples of this figure.

2928 **1920 Wilson Dollar in Silver.** 38.2mm Silver, 28.57 grams, Plain Edge. HK 449, Basso 128. Types as above. One of 2,200 struck, of which a significant number were lost in the destruction wrought in the Philippines at the end of World War II. This handsome specimen shows pleasing satin reflectivity, with just a hint of gold. **Choice Brilliant Uncirculated.**

EXTREMELY RARE MATTE PROOF BRONZE WILSON DOLLAR

2929 **1920 Wilson in Bronze.** 38.2mm, 23.53 grams. HK and Basso unlisted in this form. This unusual example presents a deep olive-tan sandblast finish resembling that of the Philadelphia mint Matte Proofs of the era. With its immaculate surfaces, this is an exceptionally rare variant of this historic issue. **Matte Proof.**

Virtually all of the 3,700 Bronze medals struck show the ruddy copper-red typical of newly struck, non-patinated copper. This piece has an extremely sharp squared rim and meticulous strike especially evident on the dot-dash border and the President's spectacles giving it the richness of a presentation strike.

2930 **1920 Wilson Dollar in Bronze.** HK 450, Basso 128a. Types as above. This attractive piece presents the deep coppery-red coin finish that is nearly always seen on surviving specimens of this Manila Mint issue. **Choice Brilliant Uncirculated.**
